WORK SKILLS

SKILLS FOR CREATIVE DIGITAL DESIGN

COURSE SUMMARY:

There is a growing demand for creative people in this industry with good design skills. This course will introduce you to the many ways design is used in business and the range of jobs from graphic design to window display, to packaging design to creating websites. Develop your design skills using different media such as software to create, manipulate and edit your own work. You will learn how to present and promote your work and investigate suitable jobs in this sector.

ENTRY REQUIREMENTS:

- Learners will have some experience and confidence in drawing and using IT, and a willingness to join in group discussion and activities

AWARD:
Accredited by Realise
Futures at Level 1
